**6. BUSINESS.**

- a. Chad Stuart and Ken Buche final CSM to combine and adjust lot lines located within Lots 1 and 2 of Government Lots 5 and 6 in Stetler's Addition, and Outlot 2 and Lot 3B of Boyd's Addition to Lamb's Creek all in Section 30, Township 29 North, Range 12 West, Town of Tainter, Dunn County, Wisconsin. Steve Kochaver, surveyor for the mentioned parcels, was present and gave a brief overview of the proposed final CSM. Although the proposed CSM would be cleaning up several non-conforming issues, Steve stated the town's requirement of 20% green space could not be achieved. He provided a letter requesting a waiver of the green space requirement. Discussion followed. It was noted that this situation is unique given that the lots existed long before the green space requirement existed, the size of the lots are extremely small and essentially the shoreland area, which is non-buildable, could be

considered green space. Motion by Jeremy to recommend approval of the proposed final CSM and the green space waiver request. Seconded by Jerry. Roll call vote: Darwin - yes; Jerry – yes; Jeremy – yes; Dave – yes; Keith - yes. All in favor, none opposed, motion carried.

- b. Review and Possibly Modify Land Division Ordinance: Discussion was had on the current Town of Tainter Land Division Ordinance and exemptions allowed under Wisconsin Statutes 236.45. Consensus for Darwin to draft a policy that would require all CSM's requiring review by Dunn County to also be reviewed by the Town of Tainter Plan Commission and Town Board.

**8. CORRESPONDENCE.**
