

Public Involvement Meeting Notice

Improvements to CTH D at Hay River to be discussed at December 1, 2025 Meeting

Planned improvements for CTH D in the Town of Tainter, Dunn County, will be discussed at a Public Involvement meeting on December 1, 2025. The meeting will be from 5:00 PM to 6:30 PM at the Town of Tainter Town Hall, N8150 County Road D, Colfax, WI 54730. A short presentation will be held at 5:15 PM.

The CTH D project involves improvements to the roadway and bridge at the crossing of Hay River approximately 1.3 miles east of CTH G. The proposed improvement will include the removal of the existing bridge and placement of a new two-span 72-inch prestressed concrete girder bridge. The 600-foot long project will include replacement of the bridge on the existing alignment and approximately 340 feet of roadway approaches.

During construction of the project, the site will be closed to traffic. There will be no signed detour but access to properties will be maintained. Construction is anticipated to take approximately 4 months during 2028. The exact timeframe will be determined by the contractor based on their availability. Real Estate needs are currently expected to complete the project.

A variety of exhibits and maps will be featured at the Public Involvement meeting, and representatives from Dunn County and Ayres Associates will be available to discuss the project and answer questions. The public is encouraged to attend to examine the proposed improvement and discuss any concerns they might have.

Persons requiring an interpreter, materials in alternate formats, or other accommodations to access this meeting virtually are encouraged to contact Dunn County or Ayres Associates at the numbers below at least 72 hours prior to the meeting so arrangements can be made. The Town of Tainter town hall is ADA accessible. Deaf or hard of hearing persons needing assistance may contact Dunn County or Ayres via the Wisconsin Telecommunication Relay System (dial 711).

Individuals who are unable to attend on December 1, 2025 can contribute comments about the bridge project by contacting the individuals below. Please return any comments by January 1, 2026.
